A

Alex,

See the attached for PATH's Metro (downtown) region contact list.
The important #'s on this, besides Darlene and Lao, are Jenny and Sandra's cellphone #'s.

Maybe print this page out and post up at your dispatch station.

Thanks.

A

Hi Brian,

We were reviewing the wage amendments you passed along last week for Fig and NoHo and noticed some other added items besides the wage portion.

We'd like to request the just the wage portion of the amendments, not the other added items (#2/3 for NoHo, and #2 for Fig). Doing this will allow us to sign and return quickly.

Also, for the overtime/holiday rate sentence please amend to read as other versions in the past have. For example, 'Client will observe the following holidays ___,____,____ and if an officer works the client will be billed at OT/Holiday rate' or something like this.

Thanks,
Aaron
